

Call for Proposals Community-Centered Solutions & Care Provision

Opening Date
August 2, 2022

Proposal Deadline
September 8, 2022,
by 5:00 pm (MT)

Award Notification
Late November 2022

Our Grants Portal requires registration for new users by September 6 at 5:00 p.m. (MT).

Focus Area: Community-Centered Solutions & Care Provision

We aim to fund trusted community-based mental health and substance misuse supports that prioritize access, cultural relevance, connections, and collaborations. Funding will also support provider, caregiver, and peer resources or training to meet community needs better—*all in alignment with the priorities below.*

Total Allocation

The total amount available for all grant awards in this focus area is \$10.6 million. Applicants should consider the total amount available to organizations and agencies in the amount they request. Caring for Denver will evaluate budgets for their reasonableness and consider whether an organization has previously received a grant in allocation decisions.

Generally, we do **not** fund an organization in more than one funding area in a year. Additionally, organizations can submit only one application in an open Call for Proposals.

Priorities

We will prioritize funding for projects and programs that address Denver’s mental health and substance misuse challenges in at least one of the areas below:

- **Inclusive Access:** Help people access care and support in ways that make sense for them, in places they feel comfortable, and at times that fit their schedules, so they are better able to participate, learn, build skills, and address mental health and substance misuse issues.
- **Attention to Fit:** Ensure that when people seek care, they feel understood, connected, and respected by those providing care, primarily through culturally affirming care options. Also, ensure the mental health needs of those providing care are supported so they can be at their best as they help others.
- **Care Over Time:** Improve care transitions, making them easier and more seamless for individuals and families. The goal is to increase stability and minimize the starts and stops in mental health and substance misuse care.

Equity

We are committed to funding and supporting innovative efforts that move us towards equity and outcomes where race, ethnicity, disability, immigration status, and identity no longer predict life outcomes. Our ongoing efforts must elevate the voices of those impacted and repair historical trauma and oppression.

Shared Impact Goals

Applicants will need to explain how their work will support at least one of these [Shared Impact Goals](#). And, if possible, how they intend to measure their progress toward impact:

- Reduced substance misuse (including maintained healthy relationship with substances)
- Improved or maintained positive mental health (including reduced harm to self and others)
- Increased equity in mental health and substance misuse outcomes

Key Considerations

These considerations are based on additional feedback we've gathered through our learning activities specific to Community Centered Solutions and Care Provision funding. Grant decisions will favor programs or projects that include any of the following elements:

- Focus on the strengths of participants
- Demonstrate partnership and trust with impacted communities
- Demonstrate experience working with under-resourced people including, but not limited to, people of color, older adults, individuals with disabilities, and those unhoused or likely to be unhoused
- Support of those with severe and persistent mental illness
- A focus on substance misuse prevention and treatment
- Coordinate transitions between care, including but not limited to, crisis after-care supports and transitions from inpatient treatment

Applicants are encouraged to review summaries of our current and past [Community-Centered Solutions](#) and [Care Provision](#) grants on our webpage and read about learnings from grantees in our [2021 Community-Centered Solutions Learning Brief](#). More information about how we will partner with you to assess progress and learn together, is available via download on the [Evaluation & Learning web page](#).

About Caring for Denver Foundation

Caring for Denver Foundation was founded and funded to address mental health and substance misuse challenges facing City and County of Denver residents.

Caring for Denver was created by [City ordinance](#) to fund the following purposes:

- Mental health services and treatment for children and adults
- Opioid and substance misuse prevention, treatment, and recovery programs
- Housing and case management services to reduce homelessness, improve long-term recovery, and reduce the costly use of jails and emergency rooms for those with mental health and substance misuse needs
- Suicide prevention programs
- Co-responder and alternative response program funding, and training on how to properly assess and handle people with mental health and/or substance misuse needs

These purposes are expressed through four community-identified, Board approved [funding priorities](#): Alternatives to Jail, Care Provision, Community-Centered Solutions, and Youth. Calls for proposals for the other priority areas will be released at later dates on our [website](#).

Eligibility

Projects and activities supported by Caring for Denver's grantmaking must serve or support only residents of the City and County of Denver ("City"). Caring for Denver's general definition of residency is derived from the State of Colorado Medical Services Board Rule 8.607.1(F) around Areas of Service. The following individuals will be considered City residents by Caring for Denver:

- An individual physically residing full time in the City
- An individual experiencing homelessness presenting in the City and intending to stay in the City
- An individual, under 21 years of age and in the custody of Denver Human Services ("DHS")
- An individual, under 18 years of age and in primary legal and residency custody of a City resident
- A non-City resident who is placed in a mental health and/or substance abuse program while in a City Jail

Applicants can be any nonprofit organization designated by the IRS as tax-exempt under IRC Section 501(c)(3), or under other sections of the U.S. tax code or fiscally sponsored by a 501(c)(3) nonprofit entity. If an organization does not have a 501(c)(3), has a pending 501(c)(3), is not in good standing, and/or does not have at least one year of tax returns and financial statements, it will be required to work with a fiscal sponsor. Applicants may also be an Indian or Native American entity. Government-supported entities, including schools, museums, or libraries, and City and County of Denver or State of Colorado agencies are eligible to apply.

What Caring for Denver Will Not Fund

Grant requests for the following will not be supported:

- Grants to individuals, for-profit organizations, or private foundations
- Annual appeals, membership drives, underwriting, or fundraising events
- Endowments
- Loans
- Fellowships or scholarships
- Debt reduction
- Partisan causes
- Programs that require participation or membership in a specific religion, or seek to advance a particular religious faith or belief
- General operating costs
- Facilities projects
- Program-related investments (PRIs)

We will not make grants to organizations that practice discrimination of any kind. We will not make grants to, participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of, in support of, or in opposition to any candidate for public office.

Our [founding ordinance](#) prohibits us from using our grant dollars to *supplant* existing funds. Grant recipients may not replace existing federal, state, city, or other local agency funds with Caring for Denver funds. However, our funds may be used to *supplement* existing funds to replicate or expand the scope of an existing program or project.

Timeline and Deadlines

August 2 Opening Date	Call for Proposals released
August 4 10:00 a.m. (MT) Facebook Live Event	We will host a live event on our Facebook page for potential applicants to learn more about the focus area and have an opportunity to ask questions. We will post a recorded version on our website after the event.
September 6 5:00 p.m. (MT) Registration Deadline (if not already registered)	We have an online Grants Portal where applicants submit materials. We ask that you register for an account by this date. If you have already applied or have received funding, you are already registered and may skip this step. Access our Grants Portal by visiting https://caring4denver.fluxx.io .
September 8 5:00 p.m. (MT) Proposals Due	Submit your complete application with document uploads at https://caring4denver.fluxx.io . The online application system will not allow incomplete proposals or submissions after 5:00 p.m. (MDT).
Late November 2022 Award Notification	All applicants will be notified of their status.

How to Apply
