

## Call for Proposals Youth (0-26)

**Opening Date**  
November 8, 2022

**Proposal Deadline**  
December 14, 2022  
5:00 pm (MT)

**Award Notification**  
Late March 2023

Caring for Denver's Grants Portal requires registration for new users by December 12 at 5:00 pm (MT).

### Focus Area: Youth (0-26)

We aim to fund youth informed/youth-led, trusted, innovative mental health, trauma, and/or substance misuse supports, which increase youth's ability to manage life stresses and pressures; address mental health and substance misuse early; and/or provide supports for families and allies of youth to better support youth in their healing. Proposals need not address the entire age range.

#### Total Allocation

The total amount available for all grant awards in this focus area is \$12 million. Applicants should consider the total amount available to organizations and agencies in the amount they request. Caring for Denver will evaluate budgets for their reasonableness and consider whether an organization has previously received a grant in allocation decisions.

Generally, we do **not** fund an organization in more than one funding area in a year. Additionally, organizations can submit only one application in an open Call for Proposals.

### Priorities

We will prioritize funding for projects and programs that address Denver's mental health and substance misuse challenges in at least one of the areas below:

- **Inclusive Access:** Help youth, pregnant people, and other family/caregivers access care and support in ways that make sense for them, in places that feel comfortable, and at times that fit their schedules, so they are better able to participate, learn, build skills, and address mental health and substance misuse issues.
- **Attention to Fit:** Ensure that when youth, families, and pregnant people seek care, they feel understood, connected, and respected by those providing care—primarily through culturally affirming care options. Also, ensure the mental health needs of those supporting youth, family, and pregnant people are supported so they can be at their best as they help others.
- **Care Over Time:** Improve care transitions, making them easier and more seamless for youth and pregnant people, families, and allies. The goal is to increase stability and minimize the starts and stops in mental health and substance misuse care.

### Equity

We are committed to funding and supporting innovative efforts that move us toward equity and outcomes where race, ethnicity, disability, immigration status, and identity no longer predict life outcomes. Our ongoing efforts must elevate the voices of those impacted and repair historical trauma and oppression.

## Shared Impact Goals

Applicants must explain how their work will support at least one of the shared impact goals below, and, if possible, how they intend to measure their progress toward impact.

- Reduced substance misuse (including maintained healthy relationship with substances)
- Improved or maintained positive mental health (including reduced harm to self and others)
- Increased equity in mental health and substance misuse outcomes

[Read more about our Shared Impact Goals.](#)

## Key Considerations

These considerations are based on additional feedback we've gathered through our learning activities specific to this funding area. Grant decisions will favor programs/projects that:

- Are youth-informed/youth-led and engage young people as partners in the work
- Utilize interventions that recognize family, caregivers and allies and the need for intergenerational supports
- Reach youth, family/caregivers, and pregnant people who have been impacted by trauma and inequitable access to resources and supports
- Incorporate culturally relevant practices when addressing mental health and substance misuse challenges
- Support those with severe and persistent mental illness
- Expand prevention, treatment (in residential, intensive outpatient, and inpatient settings), and/or recovery services for youth struggling with substance misuse and/or mental health challenges
- Provide services and supports after a mental health and/or substance misuse crisis

Applicants are encouraged to review summaries of our current and past [Youth](#) grants on our webpage and read about learnings from our grantees in our [2021 Youth Learning Brief](#). More information about how we will partner with you to assess progress and learn together, is available on the [Evaluation and Learning page](#).

## About Caring for Denver Foundation

Caring for Denver Foundation was founded and funded to address mental health and substance misuse challenges facing City and County of Denver residents.

Caring for Denver was created by [City ordinance](#) to fund the following purposes:

- Mental health services and treatment for children and adults
- Opioid and substance misuse prevention, treatment, and recovery programs
- Housing and case management services to reduce homelessness, improve long-term recovery, and reduce the costly use of jails and emergency rooms for those with mental health and substance misuse needs
- Suicide prevention programs
- Co-responder and alternative response program funding, and training on how to properly assess and handle people with mental health and/or substance misuse needs

These purposes are expressed through four community-identified, Board-approved [funding priorities](#): Alternatives to Jail, Care Provision, Community-Centered Solutions, and Youth. Calls for proposals for the other priority areas will be released at later dates on our [website](#).

## Eligibility

Projects and activities supported by Caring for Denver's grantmaking must serve or support only residents of the City and County of Denver ("City"). Caring for Denver's general definition of residency is derived from the State of Colorado Medical Services Board Rule 8.607.1(F) around Areas of Service. The following individuals will be considered City residents by Caring for Denver:

- An individual physically residing full time in the City
- An individual experiencing homelessness presenting in the City and intending to stay in the City
- An individual, under 21 years of age and in the custody of Denver Human Services ("DHS")
- An individual, under 18 years of age and in primary legal and residency custody of a City resident
- A non-City resident who is placed in a mental health and/or substance abuse program while in a City Jail

Applicants can be any nonprofit organization designated by the IRS as tax-exempt under IRC Section 501(c)(3), or under other sections of the U.S. tax code or fiscally sponsored by a 501(c)(3) nonprofit entity. If an organization does not have a 501(c)(3), has a pending 501(c)(3), is not in good standing, and/or does not have at least one year of tax returns and financial statements, it will be required to work with a fiscal sponsor. Applicants may also be an Indian or Native American entity. Government-supported entities, including schools, museums, or libraries, and City and County of Denver or State of Colorado agencies are eligible to apply.

### What Caring for Denver Will Not Fund

Grant requests for the following will not be supported:

- Grants to individuals, for-profit organizations, or private foundations
- Annual appeals, membership drives, underwriting, or fundraising events
- Endowments
- Loans
- Fellowships or scholarships
- Debt reduction
- Partisan causes
- Programs that require participation or membership in a specific religion, or seek to advance a particular religious faith or belief
- General operating costs
- Facilities projects
- Program-related investments (PRIs)

We will not make grants to organizations that practice discrimination of any kind. We will not make grants to, participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of, in support of, or in opposition to any candidate for public office.

Our [funding ordinance](#) prohibits us from using our grant dollars to supplant existing funds. Grant recipients may not replace existing federal, state, city, or other local agency funds with Caring for Denver funds. However, our funds may be used to *supplement* existing funds to replicate or expand the scope of an existing program or project.

### Timeline and Deadlines

<b>November 8, 2022</b> Opening Date	Call for Proposals released
<b>November 9</b> <b>12:00 p.m. (MT)</b> Facebook Live Event	We will host a live event on our <a href="#">Facebook page</a> for potential applicants to learn more about the focus area and have an opportunity to ask questions. We will post a recorded version on our <a href="#">website</a> after the event.
<b>December 12</b> <b>5:00 p.m. (MT)</b> Registration Deadline (if not already registered)	We have an online Grants Portal where applicants submit materials. We ask that you register for an account by this date. If you have already applied or have received funding, you are already registered and may skip this step. Access our Grants Portal by visiting <a href="https://caring4denver.fluxx.io">https://caring4denver.fluxx.io</a> .
<b>December 14</b> <b>5:00 p.m. (MT)</b> Proposals Due	Submit your complete application with document uploads at <a href="https://caring4denver.fluxx.io">https://caring4denver.fluxx.io</a> . The online application system will not allow incomplete proposals or submissions after 7:00 p.m. (MDT).
<b>Late March 2023</b> Award Notification	All applicants will be notified of their status.

### How to Apply

Visit our website at [caring4denver.org](http://caring4denver.org) and click on the Grants Portal button. Further guidance is provided in our [Frequently Asked Questions](#) section.

If you need assistance or have questions about our available funding or the application process, reach out to Grants and Operations Manager, Tish Gonzales, at [grants@caring4denver.org](mailto:grants@caring4denver.org) or 720.647.6375.
