

# Quarterly Stewardship Report

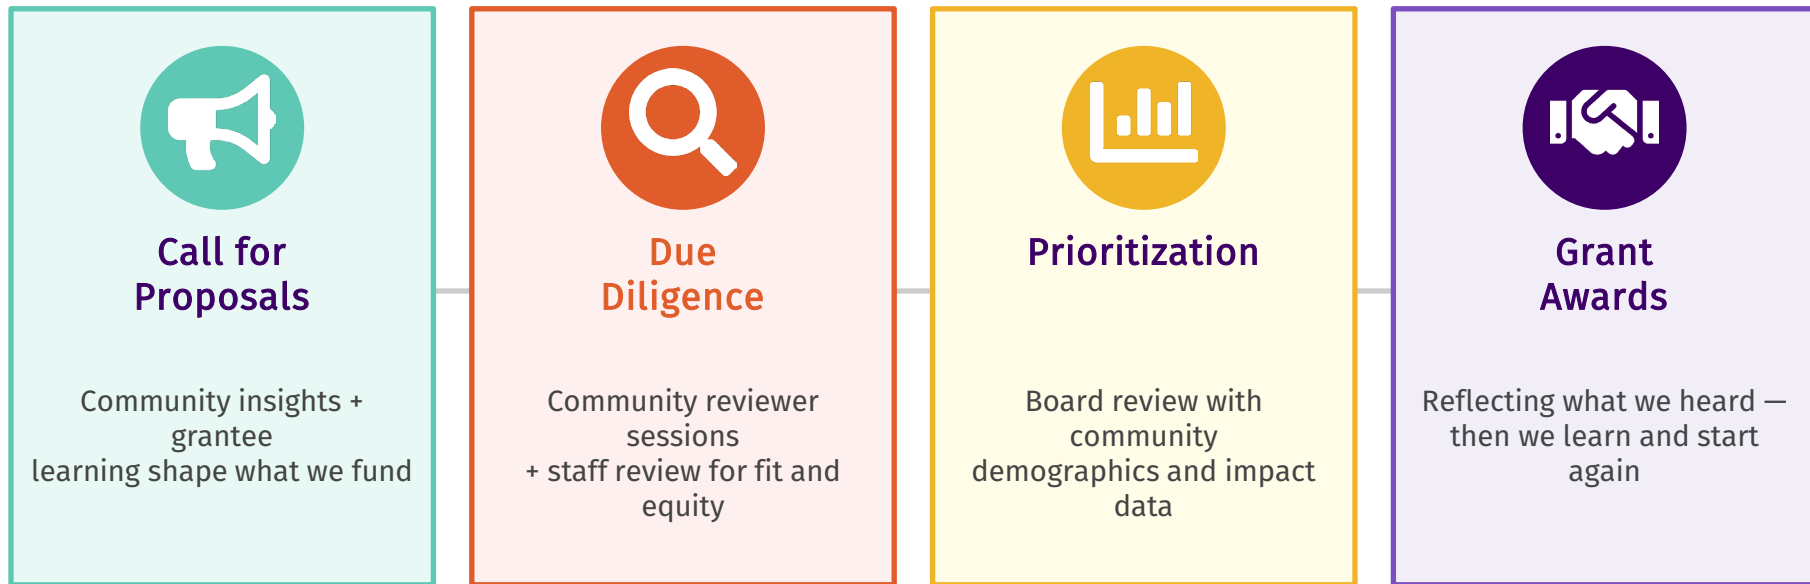

Q3 2026 | July – September

*Sharing how we invest community resources  
and partner with Denver every quarter.*

# HOW WE AWARD GRANTS

## Every grant decision starts and ends with community.

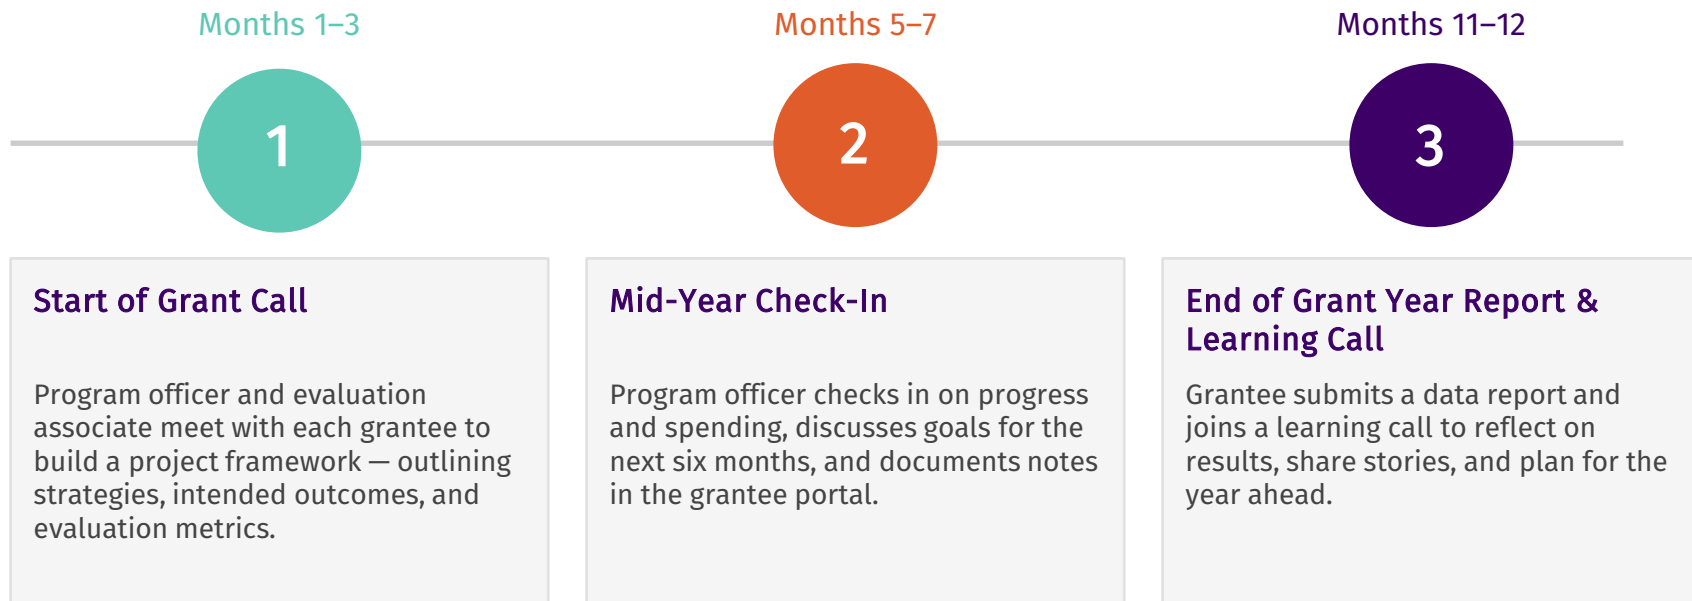

Denver shapes our funding priorities, community members review applications, and lived experience guides every decision.

*Reflections from each cycle inform the next Call for Proposals and community engagement efforts.*

## Awarding a grant is just the beginning.

Every grantee goes through a structured evaluation and learning process throughout their grant year. We learn together and make sure funds are making a real difference.
