

Call for Proposals Youth (0–26)

Opening Date
November 4, 2024

Proposal Due Date
December 11, 2024
by 5:00 pm (MT)

Award Notification
Late March 2025

Caring for Denver’s Grants Portal requires registration for *new* users by December 9 at 5:00 p.m. (MT).

Caring for Denver Foundation was founded and funded to address the mental health and substance misuse challenges facing City and County of Denver residents.

Total Allocation

The total amount available for all grant awards in this funding area is \$12 million. Applicants should consider the total amount available to organizations and agencies in the amount they request. Caring for Denver will evaluate grant budgets for their reasonableness and consider whether an organization has previously received a grant in allocation decisions.

Generally, we do **not** fund an organization in more than one funding area in a year. Additionally, organizations can submit only one application in an open Call for Proposals.

Future Calls for Proposals Releases

Alternatives to Jail – April 2025
Community Centered Solutions – August 2025

Focus Area: Youth (0–26)

This funding opportunity aims to support programs/projects that are youth-informed/youth-led, address trauma, mental health challenges, substance misuse, and/or focus on increasing youth and caregiver(s) ability to self-regulate and co-regulate emotions. Proposals need not address the entire age range of 0–26.

Key Considerations

The following considerations are based on feedback the Foundation has gathered through our learning activities specific to Youth funding. Grant decisions will prioritize programs/projects that:

- Are youth-informed/youth-led and/or engage young people as partners in the work
- Coordinate mental health and/or substance misuse care transitions—crisis care to clinical inpatient treatment to community support—for recovery
- Have demonstrated experience working with the population the organization is seeking to serve
- Increase youth and family engagement in mental health services and supports
- Provide opportunities for ongoing connection and/or re-engagement for program participants and alumni
- Provide treatment and recovery support for mental health challenges in ways that reflect the community being served
- Provide treatment and support for recovery for individuals with co-occurring mental health and substance misuse needs
- Support recovery from trauma through strength-based and culturally relevant interventions
- Support treatment and recovery for substance misuse, including alcohol and opioids
- Increase trauma-informed training and supports for caregivers and/or trusted adults

Shared Impact Goals

Applicants will need to explain how their work will support at least one of the following [Shared Impact Goals](#), and, if possible, how they intend to measure their progress toward impact:

- Reduced substance misuse (including maintained healthy relationship with substances)

- Improved or maintained positive mental health (including reduced harm to self and others)
- Increased equity in mental health and substance misuse outcomes

Eligibility

Projects and activities supported by Caring for Denver’s grantmaking must serve or support only residents of the City and County of Denver (“City”). Caring for Denver’s general definition of residency is derived from the State of Colorado Medical Services Board Rule 8.607.1(F) around Areas of Service. The following individuals will be considered City residents by Caring for Denver:

- An individual physically residing full time in the City
- An individual experiencing homelessness presenting in the City and intending to stay in the City
- An individual, under 21 years of age and in the custody of Denver Human Services (“DHS”)
- An individual, under 18 years of age and in primary legal and residency custody of a City resident
- A non-City resident who is placed in a mental health and/or substance abuse program while in a City Jail

Applicants can be any nonprofit organization designated by the IRS as tax-exempt under IRC Section 501(c)(3), or under other sections of the U.S. tax code or fiscally sponsored by a 501(c)(3) nonprofit entity. If an organization does not have a 501(c)(3), has a pending 501(c)(3), is not in good standing, and/or does not have at least one year of tax returns and financial statements, it will be required to work with a fiscal sponsor. Applicants may also be an Indian or Native American entity. Government-supported entities, including schools, museums, or libraries, and City and County of Denver or State of Colorado agencies are eligible to apply.

What Caring for Denver Will Not Fund

Grant requests for the following will not be supported:

- Grants to individuals, for-profit organizations, or private foundations
- Annual appeals, membership drives, underwriting, or fundraising events
- Endowments
- Loans
- Fellowships or scholarships
- Debt reduction
- Partisan causes
- Programs that require participation or membership in a specific religion, or seek to advance a particular religious faith or belief
- General operating costs
- Facilities projects
- Program-related investments (PRIs)

We will not make grants to organizations that practice discrimination of any kind. We will not make grants to, participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of, in support of, or in opposition to any candidate for public office.

Our [founding ordinance](#) prohibits us from using our grant dollars to supplant existing funds. Grant recipients may not replace existing federal, state, city, or other local agency funds with Caring for Denver funds. However, our funds may be used to *supplement* existing funds to replicate or expand the scope of an existing program or project.

Timeline and Deadlines

November 4 Opening Date	Call for Proposals released
November 7 1:00 pm (MT) Livestream Event	We will host a livestream event on Facebook , Instagram , and LinkedIn for potential applicants to learn more about the focus area and have an opportunity to ask questions. We will post a recorded version on our website after the event.
December 9 5:00 pm (MT) Registration Cutoff (if not already registered)	We have an online Grants Portal where applicants submit materials. We ask that you register for an account by this date. If you have already applied or have received funding, you are already registered and may skip this step. Access our Grants Portal by visiting https://caring4denver.fluxx.io .

December 11 5:00 pm (MT) Proposals Due	Submit your complete application with document uploads at https://caring4denver.fluxx.io . The online application system will not allow incomplete proposals or submissions after 5:00 pm (MT).
Late March 2025 Award Notification	All applicants will be notified of their status.

How to Apply

Visit our website at caring4denver.org and click on the Grants Portal button. Further guidance is provided in our [Frequently Asked Questions](#) section.

If you need assistance or have questions about our available funding or the application process, reach out to Grants and Operations Manager, Tish Gonzales, at grants@caring4denver.org or 720.647.6375.

Applicants are encouraged to review summaries of our current and past [Youth grants](#) on our webpage. More information about how we will partner with you to assess progress and learn together, is available on the [Evaluation and Learning page](#).

About Caring for Denver Foundation

Caring for Denver Foundation was founded and funded to address mental health and substance misuse challenges facing City and County of Denver residents.

Caring for Denver was created by [ordinance](#) to fund the following purposes:

- Mental health services and treatment for children and adults
- Opioid and substance misuse prevention, treatment, and recovery programs
- Housing and case management services to reduce homelessness, improve long-term recovery, and reduce the costly use of jails and emergency rooms for those with mental health and substance misuse needs
- Suicide prevention programs
- Co-responder and alternative response program funding, and training on how to properly assess and handle people with mental health and/or substance misuse needs

Equity

We are committed to funding and supporting efforts that move our community toward equitable outcomes; where race, ethnicity, disability, immigration status, and identity are no longer credible predictors of mental health and substance misuse outcomes. Our ongoing efforts seek to elevate the voices of those impacted and repair historical trauma and oppression.

Foundation Priorities

The Foundation will prioritize funding for projects and programs that address Denver’s mental health and substance misuse challenges in at least one of the areas below:

- **Inclusive Access:** Helps people access mental health care and substance misuse support in ways that make sense for them, in places that feel comfortable, and at times that fit their schedules, so they are better able to participate, build skills, and apply what they have learned in their daily life.
- **Attention to Fit:** Ensure those providing mental health care and substance misuse support treat those seeking care and support with respect, help them feel connected and understood, primarily through offering culturally designed and matched care options. These projects also support the mental health and substance misuse needs of those providing support, so that they can be at their best as they support others.
- **Care Over Time:** Improve care transitions, making them easier to navigate and more seamless for people. The goal is to minimize the starts and stops in mental health and substance misuse care that often happens when needs change, prevent the trauma that comes when people must re-tell, or re-document their journeys, and increase stability.
